## TEACHER/CHAPERONE RESPONSIBILITIES

- Camp staff will provide an orientation of the facility and program upon your arrival at Camp. Should any questions arise, please ask one of the staff. We want the experience to be enjoyable and positive for you as well as the students.
- Camp Hanes is an alcohol and tobacco free facility. We ask that all visitors please refrain from using these products while on camp property.
- We ask chaperones to be with students at all times. Students are not permitted to be in any buildings, including cabins, or out on the camp unless accompanied by a chaperone or a teacher.
- The camp staff will be present to assist in making your activities run smoothly and successfully and will provide the foresight and resources needed. Teachers and chaperones are expected to be directly involved in the supervision and implementation of all activities since one of our objectives is to create closer teacher/student relationships. This will also ensure the safety of all students as well as preserving camp property.
- During recreation time, we ask that the chaperones supervise the students so that our staff can set up for evening activities. We have a lower soccer field, volleyball nets, basketball courts, and gaga pit that the students may utilize.
- At the end of each evening's program, teachers and students will return to their cabins. Once students are back in the buildings, please keep them inside.
- Brooms and dustpans are found in each cabin and the dorms. Students are responsible for keeping the living areas clean and tidy. Each cabin or sleeping room should be swept before a group leaves the facility.
- Students are not permitted to make or receive phone calls unless under previous arrangement with the teacher or in the event of an emergency.
- Coffee is always available to you in the dining hall. Please feel free to help yourself or ask the kitchen staff for assistance if necessary.
- We would like every teacher and chaperone to evaluate our program and facilities at the end of your stay. We ask that you keep a critical eye on the activities and facilities to help us improve.
